

Thank you so much for considering choosing me to design your flowers for your special day! One of my favorite parts about designing flowers for events is working with each individual and learning their unique style and taste, and then making that vision come to life!! I look forward to creating that one-of-a-kind look just for you!! To help me do this, please take a few moments to fill out this short questionnaire. Be as detailed as you would like (use the back if you need to) or if you have no idea what you want, just give me the basics and leave the details to me!! Please leave blank the options that are not applicable to your event.
